## AMUSEMENT NOTES

**"The Lion and The Mouse" at Barre Opera House Thursday, Nov. 12.**

In the remark of a federal judge who was recently offered the nomination of one of the great political parties, after finding a certain trust a number of million dollars, "for God's sake leave me my judicial honor, manhood, and the respect of my friends"—we have the keynote of Charles Klein's great play, "The Lion and the Mouse" which comes to the opera house on Thursday, November 12. This is one of the many recent instances which demonstrates beyond cavil that Mr. Klein did not begin to touch the center of reality when he wrote his great drama which has kept the public of the country talking for the past three years. The clergy and the press in reference to recent graft investigations, have used this play which Henry D. Harris had the wisdom to produce, as text for sermons and editorials, and lately the president of the United States was urged to use the lesson taught by "The Lion and the Mouse" as a campaign document.

It is over three years since the piece had its premiere, but a brief resume of the story may not be inappropriate. John Burkett Ryder, the unscrupulous money king of the world, is thwarted in his plans by Judge Rosmore of the United States supreme bench. Ryder resolves to ruin, both financially and in reputation, the honest jurist. The former wreck has been accomplished, when Judge Rosmore, his daughter, and Ryder's only son, Jefferson, return from Europe. They met aboard and had fallen in love. The girl, learning of her father's impending disgrace, sets about to save his reputation, and becomes a member of the money baron's household. How the lion succumbs to the mouse is unfair from the dramatist's standpoint to reveal.  
Miss Carolyn Elberts will be seen in the role of Shirley Rosmore, and Walter Edwards is again dealing with the part of Ryder. It is claimed by the critics that Mr. Harris in this season sending the best company yet seen in the Klein drama.

## SHOT SWEETHEART.

Girl's Parents Had Objected to Their Keeping Company.

Johnson is dead and Rosie Quimet is in the hospital with five bullet wounds in her body, and may not live. Johnson did the shooting. He had been keeping company with the young woman against the wishes of her parents. He left a note reading: "If we cannot live for each other we can die for each other. Perhaps people will now be sorry they parted us."

## RESULTS THAT REMAIN

**Are Appreciated by Barre People.**

Thousands who suffer from backache and kidney complaint have tried one remedy after another, finding only temporary benefit. This is discouraging, but there is one special kidney medicine that cures permanently and there is plenty of proof right here in Barre.

Here is the testimony of one who used Doan's Kidney Pills years ago, and now states that the cure was lasting.

M. L. Spaulding, painter, 16 Seminary street, Barre, Vt., says: "I had more or less kidney trouble for four or five years and think it was the result of the conditions to which I am subject at my work. At night my back would ache terribly and on this account I could not sleep. Dark spots floated before my eyes at times and the frequent passages of the kidney secretions plainly proved that my kidneys were at fault. Two boxes of Doan's Kidney Pills, procured at E. A. Brown's drug store, disposed of the trouble. I take pleasure at all times in vouching for the merits of Doan's Kidney Pills and gladly confirm the statement I gave in their favor some three years ago."

For sale by all dealers. Price 50 cents. Foster-McBum Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

## HOPE ABANDONED.

Four Men Entombed in Mine Are Undoubtedly Dead.

Chicago, Nov. 7.—The hope of rescuing four men buried in an explosion in a mine at Rend, Ill., was given up yesterday by the officials of the W. P. Rend company, after repeated efforts to descend into the mine had been made by miners through the night.

The explosion was caused by a windy shot and possibly tons of coal now rest on the bodies of the unfortunate men who were on the 900-foot level. The company officials believe that a fire which is apparently burning beneath the surface can be controlled without sealing the mine.
